ELECTRON TECHNOLOGIES (PTY) LTD
EIGHTEENTH STATUS REPORT FOR THE MONTH OF JUNE 2021
OPERATIONS

Reg. No. 1973/006348/07

This report is prepared in terms of Sect 132(3) of the Companies Act 71 Of 2008

CURRENT OPERATIONS

The performance of the company for the month of June was unfortunately not satisfactory due to a number of projects being placed on hold or delayed due to the extended lockdown to level 4. As with most companies, the effects of the Covid Pandemic continue to frustrate any attempt at normality in business.

EMPLOYEES,

Monitoring of all staff in terms of the Covid regulations continues and all protocols remain in place both in the factories and on the various work sites.

CREDITORS

The effect of the June trading results has adversely affected the cash flow position of the company and, unless there is a considerable improvement in the remainder of the year, it would seem that the payments to pre-business rescue creditors will take longer than anticipated in the previous status report.
